ASKS DAMAGES AFTER FALL IN MURPHY STORE

Mrs. Elizabeth M. Finney, 79, today is seeking damages through an Adams County jury as a result of a fall on June 24, 1954, in the G. C. Murphy Co. store here.

Trial of Mrs. Finney's action in trespass against the Murphy store opened the list of civil cases in February court. The list has been reduced from eight cases to two. The other six were settled or continued. The other case for trial this term is the trespass action brought by John W. Bream Sr. against Gerald Dueweke. A jury was drawn at 1:30 o'clock this afternoon for the Bream-Dueweke case and those jurors not called for duty on that or the Finney case were excused from further appearance in court.

HAD 5 OPERATIONS

Attorney Arthur Berman, Harrisburg, who with Attorney Walter Miller, Harrisburg, and Attorney Eugene R. Hartman, Gettysburg, is representing Mrs. Finney, told the jury this morning that after she fell in the store she spent a total of 677 days in various hospitals and underwent five operations. "She suffered 59,000 painful, excruciating hours" as a result of the fall, the attorney held, and "she still is on crutches and as long as she can walk will have to walk with crutches."

Mrs. Finney was 72 when she fell. She was examined by a physician at the store, then went with Mary and Jean Sunday, Carlisle, her companions on that day.

4 ESCAPE AS HOUSE BURNS; \$25,000 FIRE

Carole Boyer, 25, Gettysburg, was admitted to the Hanover Hospital with an injury to her left hip Sunday night after she was injured in dropping from a porch roof while escaping from a fire which destroyed a stone house three miles north of East Berlin on a rural road. A spokesman at the hospital this morning said x-rays did not disclose a fracture.

Damage in the fire was estimated at "between \$25,000 and \$30,000" by East Berlin Fire Chief Melvin Eisenhart, who said the stone structure had recently been remodeled and knotty pine paneling was used. "All new furniture was placed there last fall. It was a beautiful place," Eisenhart said.

The interior of the stone house was destroyed and a wooden section was burned away in the fire which started about 9:30 o'clock Sunday night.

TWO TO HOSPITAL

Four persons escaped from the fire via the front porch roof. County Fire Marshal John W. Murren said there was "about a 20-foot" drop from the front porch roof to the ground. Murren said two men and two women in the house were awakened by the fire which started downstairs. When they sought to use the stairway smoke and flame drove them back. They then went out over the porch roof and dropped to the ground. One man suffered cuts about the hands and leg and was taken to the Hanover Hospital by ambulance with Carole Boyer, but it was found at the hospital that his injuries were superficial. East Berlin firemen said they did not see the fire.

GROWERS HEAR MANY SPEAK AT ANNUAL MEET

The Fruitgrowers Association of Adams County concluded its day-long session Saturday by hearing Dr. Carl Bittner, extension fruit specialist from Pennsylvania State University, describe events during his 12-day visit to Russia last year. He said it was hard to compare Adams County fruits with those in Russia because of the vast difference in temperatures.

He said that in Russia the streets seemed to be full of people. He said 40 people are living in an eight-room apartment. He said he saw no dogs as pets and no cemeteries. The specialist said it took more than two hours to send a telegram.

More than 250 attended the dinner in the Musselman Company cafeteria.

INTRODUCE QUEEN

Mrs. Ruth Trostle, chairman of the Apple Blossom Queen Court, introduced the Adams County and Pennsylvania Apple Queen, Miss Edna Jane Coble, a student at Biglerville High School, and Miss Jane Miller, New Oxford R. 2, county cherry pie baking champion.

In the morning business session John Ruef spoke briefly on the changes in conditions during the last 35 years. He said the growers had many problems and had solved them.

PLAN MIGRANT MEETING

Rev. Maynard S. Barnhart announced that a public meeting on the migrant workers problem in Adams County will be held in the courthouse Thursday, March 23, at 7:30 p.m. It will be in the form of a panel discussion with the Rev. Mr. Barnhart as moderator. The plan is to have a permanent committee on migrant work for and from Adams County, he said. He is director of migrant workers for the Adams Council of Churches. He said Adams County has more migrants per square mile than any other county in the state, while Franklin County had eight more in number last year.

Thomas E. Piper, area marketing agent, who spoke on "Are We in Tune with the Times?" emphasized that the growers could find a sales agency which would pool the production of small growers so they would have larger volumes to offer buyers. This way, he said, they could bring better returns to fruit growers and benefit them in other ways.

He said the growers are "too

NCCW DEANERY MEETING HELD IN NEW OXFORD

Mrs. Joseph Michels, Dallas-town, formerly president of the Harrisburg Diocesan Council of Catholic Women and a life member of the Diocesan Council, who has been a convention speaker and has served as a member of the National Council board, was guest speaker at the quarterly meeting of the Conewago Deanery Council Sunday afternoon at St. Mary's of the Immaculate Conception Parish, New Oxford.

Mrs. Michels noted that "all of our homes have been touched by the materialism of the day and we should attempt to bring back some of the idealism to the home." In commenting on the attendance of women at meetings, Mrs. Michels stated that "even the Mother of God left St. Joseph alone to visit and help her cousin Elizabeth and it was because St. Thomas missed a meeting that he also missed Our Lord."

Mrs. Edwin J. Killalea, Gettysburg, who is deanery president, was in charge of the meeting. Mrs. Paul E. Altoff, Littlestown, gave the secretary's report and Mrs. Robert J. Kenworthy, Gettysburg, the treasurer's report. The latter revealed that approximately \$1,200 has been given thus far by the parish councils for the special diocesan activities fund. Parishes not sending their donations are asked to do so at once as this fund is presented to the bishop at convention time.

GIVE CONVENTION PLANS

Mrs. Killalea announced that annual reports of parish presidents and committee chairmen must be in the hands of the diocesan president and diocesan chairman by March 20. Laywomen's retreat dates at St. Joseph's Academy, Columbia, are the weekends from June 9 to 11 through July 23 to 30 and those planning to attend were requested to make their reservations early. WILL PREMIERE "QUESTION 7"

"Question 7," the new dramatic motion picture depicting present-day pressures against a pastor and his son in East Germany, will have its world premiere at the Penway Theater, 1800 State St., Harrisburg, Thursday and continue until March 14. It was announced today by Louis de Rochemont Associates, Inc., and the Lutheran Film Associates, producers of the film.

The title refers to a questionnaire distributed by Communist rulers to the students in the schools of East Germany. The answers pose a critical test to conscience because only those students deemed politically reliable are allowed by the government to pursue their studies toward a career of their own choosing.

Michael Gwynn, British star of stage, films, and television, plays the leading role in "Question 7" as Pastor Friedrich Gottfried, who faces the dilemma of giving spiritual leadership to a perplexed and frightened people in a society dominated by atheistic forces. The pastor's own problem is heightened by the fact that his son is becoming an unwitting tool of the state in its war of nerves against the Christian Church. Introduced in the role of the 15-year-old East German boy is a French youth, Christian de Bresson, who spent many years in America and received the Katharine Cornell award for best juvenile acting on the New York stage. The supporting players, including Margaret Jahnen, Erik Schumann and Almut Eggert, comprise an international cast recruited from England, Germany, France, Austria and Switzerland.

"Question 7" was produced by Lothar Wolff and directed by Stuart Rosenberg from an original screenplay by Allen Sloane.

BASKETBALL COACH FROM YORK KILLED IN CAR CRASH

(See Picture On Page 3)

A visit to Gettysburg to see a former coach preceded the accidental death early Sunday morning of 28-year-old James Francis Powers Jr., basketball coach and teacher at St. Francis Preparatory School, Spring Grove.

Powers died instantly at 6 o'clock Sunday morning when his car left the Lincoln Highway at the property of the Church of the Brethren Home at Cross Keys.

The car smashed through two telephone poles, a highway sign and three trees before coming to rest. The young coach was thrown from the car and his body was found 40 feet southeast of the spot where his convertible came to rest.

ATTENDED GAME HERE
Dr. C. G. Crist, Adams County coroner, said the death was caused by a compound fracture of the skull, broken neck and internal injuries.

Powers, a native of Upper Darby and famed as an athlete at Lafayette, drove to Gettysburg Saturday night to see the Gettysburg-Hofstra game and then met with Hofstra Coach Bill Van Breda Kolff, who had been Powers' coach at Lafayette, where Powers had been outstanding in basketball and had set a number of track records.

While employed as coach and teacher at Spring Grove, Powers resided at 141 W. King St., York. He apparently was on his way back to York shortly before six o'clock Sunday morning when he stopped his convertible at Kaiser's Atlantic Station on the eastern edge of New Oxford for gasoline. Howard Bream, attendant at the station, said Powers appeared sleepy, but seemed to arouse and be awake when Bream gave him his change from the payment for the gasoline.

BELIEVE HE DOZED
Powers then drove on eastward. A few minutes later a westbound motorist came into the station

to Carlisle. The next day she was removed to the Carlisle Hospital where it was discovered she had suffered a broken left hip.

At the time of the accident she resided in Harrisburg. Her attorney did not state her present address.

AGREE ON SOME ISSUES

To expedite the case a number of matters on which both the store and Mrs. Finney agree were read to the jury by Attorney Berman.

Judge W. C. Sheely explained to the jury that the reading of the agreements saved time because otherwise all of the facts agreed to would have had to be presented by bringing witnesses to the stand.

The facts agreed were that the G. C. Murphy Co. was operator of the store, that it was open to the public at the time, that nothing but Microsheen was used to clean and maintain the wooden floors in the store, that the aisle width was 47 inches and the height of the counter 33 inches.

Representing the Murphy Store for the case are Attorneys Richard A. Brown, Ronald M. Swope and John A. MacPhail.

The jury drawn to hear the case includes: Carmon Crum, Arendtsville; Essie Gilmore, Fairfield; Mrs. Helen L. Kammerer, Littlestown R. 1; Bernard R. Plank, Aspers; Mrs. Lucille Redding, 530 W. THE KING DIES OF HEART ATTACK IN HIS PALACE

By STEPHEN HUGHES

RABAT, Morocco (AP)—Morocco's new king took heavy security forces around strategic points today to keep a firm hand on the potentially explosive political situation created by the unexpected death of his father, King Mohammed V.

The popular 51-year-old monarch's heart failed Sunday after a minor operation, a team of 10 doctors announced.

The crown prince, Moulay Hassan, 31, was proclaimed king. An energetic, forceful young man educated in France, he was named in advance by his father as his successor in 1957.

Together they had run the government of this north African nation of 10 million since last May, trying to head off leftist challenges by outdoing their opponents in friendly overtures to Moscow and increasing estrangement from the United States.

Funeral on Tuesday

As preparations went ahead for the funeral in the royal palace Tuesday, police and troops were posted around nerve centers in Rabat and other major cities.

The king had undergone a minor operation in the palace clinic for correction of a restricted nasal passage. Brief surgery had just been completed when the king's heart failed, the doctors said.

They tried to revive the monarch with heart massage, drugs and electrical shock. After a 3½-hour fight, he was pronounced dead.

The crown prince announced his father's death in a radio broadcast.

The Cabinet met to proclaim the crown prince as King Moulay Hassan II. It ordered seven days of mourning for the old king, a national hero in the long fight for independence from France.

Moulay Hassan, who also succeeds his father as premier, takes over a government divided between old guard conservative nationalists and independents.

HOLD MUMMA RITES TUESDAY

STEELTON, Pa. (AP) — Rep. Walter M. Mumma, R-Pa., who died at Bethesda Naval Hospital Saturday as the result of a stroke, will be buried Tuesday after a funeral service in Steelton, his birthplace.

Congressman Mumma, who was serving his sixth term in the House of Representatives, died Saturday afternoon after suffering a stroke Thursday. He was 70.

He represented Dauphin, Juniata, Lebanon and Perry counties. He was first elected in 1950 after backing the Republican organization for the nomination. He served at first on the House Public Works Committee and in this session was assigned to the House Ways and Means Committee.

FOUND BY GOODLING

Mumma was stricken Thursday at his Washington apartment. He was found by Rep. George A. Goodling, R-Pa., who went to the apartment after Mumma did not appear at a breakfast for Pennsylvania congressmen.

Mumma was identified with the group of conservative Republican congressmen whose seats in the House were sometimes called "Pennsylvania Dutch Row."

Mumma began his career as a state forester and later turned to the cement business as a salesman. In 1921, he founded the Pennsylvania Supply Co. in Harrisburg and was one of its chief officers for 30 years.

He served as register of wills in Dauphin County from 1940 to 1944. During the years of World War II, he paid the marriage licenses fees for all servicemen in the county, a project which it has been estimated cost him some \$3,700.

Mumma was separated from his wife, and is survived by a son, Robert Mann Mumma, of Harrisburg.

He will be buried in East Harrisburg Cemetery.

GE PRESIDENT IS RETIRING

NEW YORK (AP)—Robert Paxton is retiring as president of General Electric Co., Chairman Ralph J. Cordiner announced today.

Cordiner said Paxton's retirement is due "to the need for a continuing period of convalescence following major surgery in January."

Cordiner will assume the presidency until a new president is elected by the board of directors. As a result of Paxton's retirement, Cordiner announced he was resigning as chairman of the National Business Advisory Council.

Paxton's retirement comes in the wake of antitrust actions by the government in which General Electric and 28 other electrical manufacturing firms were fined and seven of their executives were sentenced to 30 days in jail.

RAYBURN TAKES CRACK AT IKE

WASHINGTON (AP) — House Speaker Sam Rayburn, D-Tex., says he thinks former President Dwight D. Eisenhower "is a good man" and was "a great general," but that 40 years in the Army didn't prepare Eisenhower to be president.

Rayburn, however, said President Kennedy was "already a young man of destiny" who will make a good president.

The comments came Sunday on a television-radio interview—CBS-Washington Conversation—as Rayburn appraised presidents he has known during 48 years in Congress.

Wants Report On Winter Game Kill

HARRISBURG (AP)—A legislative committee chairman wants the Game Commission to give him a breakdown of the game kill from severe winter weather so far.

Chairman Leonard C. Staisey of the Senate Forests and Waters, Game and Fish Committee said over the weekend he hoped to talk with commission officials about the matter this week.

He said he was interested in determining "how many deer were killed by hunters, how many by starvation, how many by dogs and so on during the winter."

He said the hardship inflicted on deer and other game by bad weather since December was of interest to lawmakers and sportsmen alike.

The commission last week said 674 deer were killed in January. But it did not give any figure of how many additional deer might have been killed by winter weather during that month. Nor did it list the number killed by the weather since winter began.

Glenn L. Bowers, the commission's chief of research, said over the weekend most of the deer kill occurred this month.

Edward Preston, tenant at the house owned by Mrs. Ella Coxson, Paxtang, owner of Penn Wood Heel Co., East Berlin, where Preston is an employee, was uninjured in the flight from the burning building, firemen said.

FIRE TRUCKS MIRED

East Berlin firemen reached the house without difficulty and pumped water from a pond.

Abbottstown firemen, called to assist East Berlin, became mired in mud about 150 yards from the blazing house. East Berlin firemen later, in attempting to move one of their trucks from the pond, found they were mired. A neighboring farmer secured a tractor to move the fire trucks out of the mud.

Fire Marshal Murren said that as a result of his investigation early this morning he had determined that the fire apparently started in a first floor wing of the building, a section used as a kitchen. He planned to return to the scene this afternoon to continue the investigation into the cause of the fire.

Murren said all furnishings and clothing in the house were destroyed with the exception of "two straight chairs, a hand sweeper and an ash tray stand which some neighbor got out of the house."

Patterson boxed only three rounds Sunday in addition to working out before a crowd of 600 in his hotel ballroom gym.

Johansson boxed seven rounds at Palm Beach before an outdoor gallery of 1,100.

report than an accident had occurred about one mile east of the station.

At the western entrance to the Church of the Brethren Home, the Lincoln Highway makes a slight curve to the north.

State police believe Powers had fallen asleep when his car reached that point. It went straight ahead for a distance of 528 feet, then ripped off a pole supporting a highway sign and sheared a telephone pole. The car then apparently went sideways, striking three trees as it passed through a small group of trees. At the end of the tree area it struck and sheared off another telephone pole and then came to rest some 40 feet from the last pole. The car at that time was two feet off the south edge of the Lincoln Highway.

a class reunion at commencement time.

DIRECTOR SINCE 1914
At commencement in 1954, Mr. Wolf was given the honorary degree of Doctor of Laws by the college.

He had been elected as a member of the seminary's board of directors in 1914 by the Pittsburgh Synod of the old General Synod and had served continuously on the board since that time, never missing a regular meeting of the board and serving actively on board committees.

Mr. Wolf also had the distinction of having served six terms on the executive board of the United Lutheran Church in America, longer than any other layman. At a recent ULCA convention he was specially honored along with our other members of the group that organized the ULCA years ago.

BURIAL IN PITTSBURGH

Mr. Wolf entered the practice of law in Pittsburgh in 1905 after graduating from the law school of the University of Pennsylvania.

He recently had been elected to the Board of Adjudication of the United Lutheran Church, the top judicatory body in that denomination.

He frequently visited here and in 1956, when the town was observing its sesquicentennial, he was the principal speaker at an Old Timers' Night program.

The only survivor is his wife who was Hughanna Burgan of Carnegie. Mr. Wolf's last sister, Mrs. Warren Heusardt, died a few months ago and was buried here.

In his student days at Gettysburg College, Wolf played varsity baseball and caught for Eddie Plank, who went on to win fame in major league baseball as a pitcher.

Mr. Wolf will be buried in Pittsburgh.

The leftist troops heading unopposed toward Leopoldville posed a threat to both the central Congo government and the future of the U.N. Congo operation.

PLANS NOT CLEAR

The intentions of the rebel force from Stanleyville which backs the late Patrice Lumumba's regime in the northeastern Congo are unclear. Half the country now is believed under Lumumbist control.

The military column of about 500 men has met no resistance so far from either U.N. or central government soldiers. Most of Maj. Gen. Joseph Mobutu's government troops are hundreds of miles north in Equator Province, asked by the U.N. command to hold up their own planned invasion of rebel-dominated territory.

Slated to arrive amid this new uncertainty is G. Mennen Williams, U.S. assistant secretary of state, who comes here on a five-day visit planned weeks ago.

His party of 19 was to go directly from Leopoldville Airport to a private briefing by U.S. Ambassador Clare H. Timberlake. Williams is to talk Tuesday with President Joseph Kasavubu and Premier Joseph Ileo, then meet Rajeshwar Dayal of India, head

Feiser Funeral Home, New Oxford, and then transferred to the John P. Donohue and Sons Funeral Home, Upper Darby. Funeral services will be held Thursday morning with a Requiem Mass at 10 o'clock in St. Lawrence's Catholic Church, Upper Darby. Interment in Sts. Peter's and Paul's Cemetery, Delaware County.

Wedding

Miss Lois Ann Hahn, Taneytown R. 2, daughter of Mr. and Mrs. Walter Hahn, Taneytown R. 2, became the bride of John David Gunther, son of Mr. and Mrs. George L. Gunther, Finksburg, in the Trinity Evangelical Lutheran Church, Taneytown, Saturday evening at 7 o'clock. The double-ring ceremony was performed by Dr. Frederick Wentz. Miss Hazel Hess was the organist.

The bride, given in marriage by her father, wore a long white gown of pure silk organza and imported Chantilly lace. The lace bodice was fashioned with a scalloped sash and neckline, embroidered with iridescent sequins and tiny sleeves and a basque waist. The bouffant organza skirt ended in a chapel train and her fingertip veil of silk illusion fell from a crown of pearls. She carried an orchid surrounded by carnations.

The maid of honor, Miss Frances Groshon, Keysville, wore a short gown of aqua pure silk organza. It was fashioned with a scooped neckline, full three-quarter-length sleeves and a crushed cummerbund at the waistline, accented with a silk rose. Her circular tulle veil fell from a matching silk rose headpiece. The bride maids, Miss Brenda Myers, Taneytown, and Miss Mary Ellen Bydones, Denton, Md., wore gowns and headpieces styled like that of the maid of honor in petal pink. They carried modern colonial bouquets of shaded poms.

RECEPTION IS HELD
The ring bearer was Michael R. Oyley, nephew of the bride, Gettysburg. The acolytes were Harold Heller and Richard Little, Aspers.

The bride's mother's dress was a navy blue street length of embroidered crepe, with a silk taffeta cummerbund. She also wore long white gloves and navy blue accessories, a blue flowered hat and ar orchid corsage. The groom's mother wore a navy blue street-length dress with matching accessories and an orchid corsage.

A reception was held in the Aspers Fire Hall with Miss Jane Wright, Mrs. Louise Meyer, Mrs. Franklin Ryman and Mrs. Walter Ryman as the hostesses. The bridal table was decorated with a bouquet of white cut flowers and a five-tier wedding cake. Similar other bouquets were distributed throughout the hall and candles adorned the guests' tables. White and blue crepe paper streamers and white wedding bells completed the decorations.

HONEYMOON IN SOUTH
For their wedding trip through the southern states, the bride chose a white wool walking suit with purple accessories, and a hat of purple flowers. She also wore a white orchid corsage. Upon their return the couple will reside in a newly furnished apartment at 28 W. Middle St.

The bride is a 1955 graduate of Biglerville High School and attended Shippensburg State College. She is a graduate of Linden Hall Junior College, Lititz, and is employed as a receptionist at the C. H. Musselman Company, Biglerville.

The groom is a 1952 graduate of Oley High School, Oley, and attended Penn State University and graduated from a school of telegraphy. He served two years in the armed forces and is manager of Gettysburg office of the Western Union. He is also treasurer of the Junior Chamber of Commerce, Gettysburg.

GRUNDY ALL RIGHT
NASSAU, Bahamas (AP) — Former Sen. Joseph Grundy of Pennsylvania is "under the weather but coming along all right," says his secretary, Edwin R. Rummel.

Rummel commented, without elaborating, over the weekend on reports that Grundy, 98, was seriously ill. Grundy long was regarded as head of the Republican party's conservative wing in Pennsylvania.

Local Beagles Win Field Trials

Wildcliff Rusty Girl, owned by Leo McDermitt, Hanover St., won first place; Hill Side Sally Blue, owned by McDermitt and James Eck, York, took third place, and Gettysburg's Miss Nifty, owned by Roy E. Zinn, 41 Hanover St., won the reserve position in field trials held Sunday at the York-Adams Beagle Club grounds.

By placing in the trials all of the dogs are now eligible to run for the Pennsylvania State Championship trials to be held in April at Lebanon.

MORE REPORTS ON TAXES FILED

Bendersville residents paid \$33,278.76 in taxes during 1960, according to the report of Tax Collector Dale G. Crum as filed with the office of the county clerk of courts.

Of that amount \$6,679.64 was for the borough, \$23,506.06 for the school district, \$2,198.49 for the county and \$994.57 for the school district.

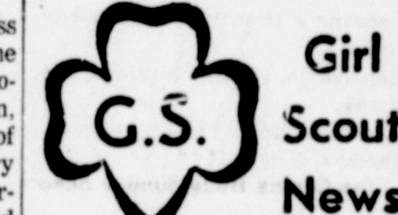

The report shows all county, borough and institution district taxes paid by the Bendersville residents. A total of \$419 was still outstanding in school taxes as of the end of the year. Of that amount \$55 was on real estate, \$80 on per capita and \$284 on the 30 per cent occupation assessment which brought \$6,034.83 into the school board's treasury.

Bendersville had 160 assessed for real estate taxes and 316 for occupation and per capita tax. Crum's commissions totaled \$1,037.21.

NEW OXFORD REPORT

New Oxford's 910 taxpayers paid \$75,255.26 to Tax Collector H. B. Millar during 1960 according to his annual report. There was \$6,434.31 outstanding at the end of the year. Millar's commission's totaled \$2,579.33.

The income included \$17,693.22 for the borough, \$46,305.18 for the school district; \$8,101.16 for the county and \$3,153.70 for the institution district.

Maryke and Edward Pauauwe, guests of Senior Troop 3, showed slides of the Netherlands at the "Thinking Day" meeting held Thursday at the EUB Church. The majority of the slides were modern pictures of the World War II bombed city, Rotterdam, second largest city and greatest seaport of the Netherlands. During a discussion which followed, school systems were compared. The Pauauwes said they attended school from 9 to 2 o'clock, six days a week, and Montserrat Castells, a troop member from Spain, related that she attended school from 8:30 to 5 o'clock also six days a week. At the conclusion of the meeting, refreshments were served. Mrs. Robert McCoy, Mrs. Donald Harper, and Mrs. Earl Shears, leader, were present.

ASHEVILLE, N. C. (AP)—Maj. Gen. Webb Beasley, retired, 68, who participated in all five major Pacific campaigns of World War II, died in a hospital Saturday. In 35 years of active service he won the Purple Heart, the Silver Star and the Legion of Merit with oak leaf clusters.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
ONE HUNDRED YEARS AGO

Fort Sumter: Governor Pickens has telegraphed to ex-President Tyler stating that he had been informed that the Administration had resolved to reinforce Fort Sumter by means of boats at night. He inquired of the ex-President whether the report was reliable, and received a reply that nothing was known on the subject and he could not believe that the President had any such intention.

Such a rumor is in circulation at Washington, and has been occasionally adverted to for a week past. It is, however, not credited, though there is no doubt of the fact that General Scott has made ample arrangements to reinforce Major Anderson, at every hazard, so soon as he shall receive information that an attack on him is about to commence. It will not, however, be done at night, but in open daylight, with ample force to ensure its success.

More Officers Than Privates: The telegraph announces that a recruiting office has been opened in Savannah. In one week there were thirty-five recruits enlisted, and two thousand applicants for commissions. The rage for colonels and captains in a Southern Confederacy! Just think of it, a company of thirty-five privates under the drill and command of two thousand officers! Now we would suggest as an improvement—that the two thousand ambitious warriors enroll as privates, and put themselves under the guidance of the thirty-five who are willing to serve in a humble capacity. How would that do?

Preparing For The Inauguration—Next Monday, the 4th of March, Mr. Lincoln is to be inaugurated. The programme for the inauguration ceremonies is published in the Washington papers. It does not differ materially from the usual plan. There will be a military and civic display. Should the weather prove favorable, the ceremonies will take place on the eastern portico of the capitol, and if unfavorable, in the Senate chamber. The arrangements are more perfect and well organized than on any former occasion.

SEVENTY-FIVE YEARS AGO
Heavy Blow: The "blizzard" of last Friday was the heaviest wind storm of the winter. It came from the north-west, with a rapid fall of temperature, and swept the entire northern part of the United States to the Atlantic coast. At New York city the wind blew at the rate of 70 miles an hour. In many sections buildings were unroofed, and telegraph poles, signs, outbuildings, &c., were blown down.

In Gettysburg the only damage was the blowing in of some windows having a western exposure—one at the public school house, one at the residence of Mr. H. C. Pickens, one at Dr. Wolf's on Seminary hill, and probably others.

Select School: The spring term of the "Friends' Select School," for both sexes, at Flora Dale, this county, will open April 6, 1886, and continue in session ten weeks. The school is in charge of Miss E. Bell Grist, an experienced teacher and graduate of Westchester State Normal School. Tuition for advanced pupils 75 cents per week, under 12 years 50 cts. Application for admission can be made to the teacher or any member of the committee: Maria E. Tyson, Amos W. Grist, Elmira J. Cook, M. Alice Wright, Letitia B. Grist.

Battlefield Avenue: The Battlefield Memorial Association will this Spring open an avenue along the line of battle of the 1st Corps, from the Fairfield to the Mummaburg roads. The contract for an iron bridge over the deep cut at railroad has been given to Gilbert & Smith, for \$635. The bridge is to have a span of 40 feet, with road-way 14 feet wide and 18 feet above the railroad

Today's Talk

THE OPEN DOOR
I love open doors—to my home, my office, the great doors of cathedrals. All doors have a purpose behind them.
From two of my office windows I look down upon a great cathedral below. It gives out a silent invitation, inviting me to enter and get peace and spiritual relaxation. Church and cathedral doors are always opened to thousands of people hoping for new light and sympathetic approach to their problems. I never pass one of them without feeling I am receiving a blessing, and a new viewpoint on life.

When I feel troubled and lonely I like to feel I can silently talk with God.

Doors—what a symbol of life—opening and closing!
Everytime we do something worth while a door opens and we are led into a new test of what we are. But every time we fail to go ahead, every time we refuse to rise when we are down, a door closes behind us, and we are left worse than alone.

I like to walk through a home that has many doors—all open. I like to feel when I talk with my friend that he, or she, has an "open door" heart.

How often we close against ourselves the most welcoming door, through failure to appreciate or to understand, until it is too late. When a voice behind a door tells us to enter, we have to do our part—we must reach out for the knob of that door, and open it.

Not all doors are going to be opened to us, but perhaps there may be something about our "knock" that will open the door most desired—at the moment when we least expect.

The open door offers each one of us so much. Open doors lead us to pleasant pastures, and under the glittering stars of night, God's equipment is partly open doors—to everything of beauty!

Tomorrow Mr. Adams will talk on the subject: "Victory-Organized"

SUPREMACY

Whenever a champion breaks into fame,
Whatever his record, whatever his game,
There's one thing I know beyond shadow of doubt:
If he hadn't worked they'd have weeded him out.

The road to the top is a long climb up hill,
And practice alone is the father of skill,
And practice is dreary, unless hearts are stout;
The lazy and shiftless are soon weeded out.

Not by chance comes achievement, and not by good luck
Is the top ever gained, but by hard work and pluck.
Though a man may be gifted, the fact still remains
Success must be sought for through infinite pains.

Behind every leader are many who've tried,
Who started out bravely and then dropped aside.
The long years of practice proficiency asks
Soon send back the weaklings to commonplace tasks.

Whenever one rises to stand with the few
And is praised for the thing he has learned how to do,
I know, be it trade or profession or game,
If he's up at the top he has worked for his fame.

U. S. DOLLAR IS FEELING MUCH BETTER

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—The American dollar is feeling much better, thank you.

This improvement in its health in foreign lands could be temporary, of course. But at the moment, the dollar-and-gold crisis isn't near the top of the list of immediate economic ailments plaguing Washington. The dollar's long-term prospects look brighter, too.

Item. In Rome the value of the dollar in terms of lire is the highest in two years.

Item. In Canada, the U. S. dollar is almost as valuable as the Canadian, in contrast to a wide spread awhile back in the Canadian currency's favor.

Item. In London the price of gold in terms of the dollar is the lowest in months. This is in sharp contrast to last fall when speculators were bidding gold up in what some called a flight from

track, solid masonry abutments, and to be first-class in all respects.

With a surplus of dollars piling up abroad, the dollar was in less demand and its exchange value weakened. Also many surplus dollars were turned into U. S. Treasury for gold, making our reserves look shaky unless this was

RADAR BILL TO BE CALLED UP IN TWO WEEKS

HARRISBURG (AP)—The chairman of the Senate Highways Committee says he expects it will be at least two weeks before the controversial radar bill is called up for a vote.

Sen. Fred B. Rooney, D-Northampton, said, however, that when that time comes, he is confident the measure will receive bipartisan support and gain passage.

"Radar is not a partisan issue and we should get a lot of Republican help," Rooney said over the weekend. One thing in the bill's favor, he added, is the success state police have encountered in their educational use of the device.

"Educational use of radar last year helped the state post the lowest number of traffic fatalities since World War II," Rooney noted.

GIVEN DEMONSTRATION
He said the bill to give state police permission to use radar evidence against highway speeders will be voted on after lawmakers are given a demonstration of the device in two weeks.

Consolidate remaining county planned to introduce a package of five bills in that chamber this week. The main one is a proposal that would do away with political patronage on state insurance commissions.

The commissions are distributed by members of the General State Authority board to whomever they designate. It's all legal since the Commonwealth cannot accept the commissions and insurance firm insist on paying them.

POLITICAL PAYOFF
The GOP bill would permit the state property and supplies secretary to act as a licensed insurance broker, accept the commissions and turn them over to the general fund.

House Minority Leader Willard F. Agnew, R-Allegheny, called the distribution of the commissions a "cynical political payoff." He estimated they ran from \$200,000 to \$300,000 yearly.

The other Republican proposals would:

Increase the constitutional debt limit from \$1 million to \$35 million to finance park, conservation and recreation improvements.

Prospects of passing the balance of Gov. Lawrence's revenue program in the Senate still were uncertain. The measures would raise \$8 million by elimination of commissions on sales tax collections and \$1 million by accelerating the 8-mill tax on bank shares.

Both House and Senate planned to meet only two days this week. Many lawmakers plan to attend the Pennsylvania Manufacturers Association dinner Tuesday night at Philadelphia. The leadership in both houses decided against holding a Wednesday session and forcing members to return to Harrisburg after the PMA affair.

POLL WATCHERS
Amend the Constitution and revise the Election Code (two proposals) to permit outsiders to serve as poll watchers in an election district.

Prospects of passing the balance of Gov. Lawrence's revenue program in the Senate still were uncertain. The measures would raise \$8 million by elimination of commissions on sales tax collections and \$1 million by accelerating the 8-mill tax on bank shares.

The leadership in both houses decided against holding a Wednesday session and forcing members to return to Harrisburg after the PMA affair.

Item. Foreign holders of dollars seem increasingly content to hold them, or to put them into U. S. securities, rather than to rush to "turn them" into gold.

"OLD HAT" NOW
Item. Talk of the possible devaluation of the dollar is old hat these days. Measures being taken to protect the dollar's value in foreign exchange and the pledge of the administration to maintain it at its present value—\$35 equals one ounce of gold—apparently have convinced even the gold speculators.

If this continues what does it mean to you?

If you're going to be a tourist soon, it means you'll get a better deal turning in your money for that of the land you're visiting.

CAN STOP WORRYING
If you're a businessman, it means you don't have to worry about just how much you'll get when you're finally paid for your goods or services, or just how much you'll have to pay when imported materials and goods are delivered. And it means you'll know just how much your overseas investments will be worth in dollars.

And all of us can stop worrying for the moment lest in some future date the value of the dollar might be tampered with. Devaluation has almost always led in the long run to higher prices and to less market place value of paychecks, or savings, or fixed incomes such as pensions.

The dollar's troubles arose because more of them were flowing abroad than came back. They go abroad to pay for imports, for military and economic aid, for private investments, for tourists' expenses and purchases. Returning dollars mostly pay for our goods or services.

MANY EFFORTS AIMED
With a surplus of dollars piling up abroad, the dollar was in less demand and its exchange value weakened. Also many surplus dollars were turned into U. S. Treasury for gold, making our reserves look shaky unless this was

No Murder Charge After Acquittal

PITTSBURGH (AP)—Can a man acquitted of assault charges be indicted for murder if the assault victim dies?

No, says Judge John T. Duff of Allegheny County Common Pleas Court. He handed down the ruling in the case of Isaac McNair, 34, of Pittsburgh's Homewood section.

Last Oct. 21, a criminal court jury acquitted McNair on charges of assault with intent to kill. He was accused of shooting his father-in-law, Harvey Wilson, 51, of the Hill District.

On Jan. 18, Wilson died from a bullet wound at the John J. Kane Hospital. The district attorney's office sought to get a murder indictment against McNair.

Judge Duff ruled Friday that all the essential facts of the case were determined by the jury before Wilson's death and the death cannot change the facts.

McNair entered a plea of self defense at the trial. He was fined \$50 for carrying firearms and placed on a year's probation.

LENTEN PRAYER FOR TODAY
from Go With God
BY JIM BISHOP
Lead, Kindly Light

John Henry Newman (1801-1890), English theologian, contracted malaria in Sicily on a vacation trip in 1833. Still convalescing, he took passage on a sailing ship to Marseilles which was becalmed in the Mediterranean for a whole week. During this time Newman composed "Lead, Kindly Light." He was in a state of spiritual unease as well as bodily unrest. He felt there was much wrong with the Church of England and that the burden of reform would fall upon him. He finally accepted Catholicism in 1845; he rose to a cardinal of the Church of Rome.

Lead, kindly Light, amid th' encircling gloom,
Lead Thou me on!
The night is dark, and I am far from home,
Lead Thou me on!
Keep Thou my feet: I do not ask to see
The distant scene, one step enough for me.

I was not ever thus, nor prayed that Thou
Shouldst lead me on;
I loved to choose and see my path; but now
Lead Thou me on!
I loved the garish day; and, spite of fears,
Pride ruled my will: remember not past years.

So long Thy power hath blest me, sure it still
Will lead me on,
O'er moor and fen, o'er crag and torrent, till
The night is gone,
And with the morn those angel faces smile,
Which I have loved long since, and lost awhile.

State Plans More Electronic Computers For Administration

By FRED WALTERS
HARRISBURG (AP)—The state government is considering expanding its use of electronic computing equipment, an official said today.

At the same time, Dr. David H. Kurtzman, secretary of administration, conceded that the equipment installed with much fanfare in 1958 has not realized the savings claimed by the previous administration.

Kurtzman described as unfortunate the claim by former Gov. George M. Leader's administration that the present machine, occupying a huge room in the Health and Welfare Building, would save the state \$300,000 a year.

"I don't foresee for a long, long time that we're going to save any money on it," he added in an interview.

GO ON THIRD SHIFT
However, the experience with the first computer touched off a reaction that has led to a department-by-department survey of bookkeeping equipment by a special committee of experts from businesses and universities.

The present equipment (Univac) now is processing the payrolls of all but two little departments, Kurtzman said, as well as corporate tax and retirement records. It is being operated two eight-hour shifts daily and may go on a third shift, he added.

The worship in the School of Prayer Sunday evening in Centenary Church was in charge of the Rev. Mr. Jones, who presented a message on the theme "Our Father, Who Art in Heaven." The meeting of the Methodist Youth Fellowship preceded the service. Robert L. Smith was leader and presented the topic, The MYF will meet again next Sunday at 6:30 p.m.

The combined choirs of Centenary Church will have rehearsal Tuesday evening at 6:30 o'clock.

CHANGES PASTORATES
The Rev. Dr. Richard Byers Martin, a graduate of Gettysburg College and Theological Seminary, has resigned the pastorate of the Augsburg Lutheran Church, Harrisburg, and will become pastor of St. Paul's Lutheran Church, Williamsport, effective April 1.

The Rev. Dr. Martin, who received the Doctor of Divinity degree from the Gettysburg Seminary in 1958, served in Shamokin before becoming pastor of Augsburg Church 17 years ago. He is the son of Mrs. Mary Byers Martin, formerly of Littlestown, and is married to the former LaRue Wetzel, of Union Mills.

As for the equipment to process the drivers' and vehicle records, plans are tentative, but "what we have in mind eventually is something about the size of Univac."

Although the state eventually purchased Univac, the committee's thought is to rent any additional equipment of this type, Kurtzman said. Since the computers are in a constant state of development, the state would be able to rent the newest equipment every few years, replacing the obsolescent machines, he added.

As for the equipment to process the drivers' and vehicle records, plans are tentative, but "what we have in mind eventually is something about the size of Univac."

Thrilling Finish Gives Bullets 60-58 Win Over Hofstra; Overflow Crowd

A pair of steals and the clutch foul shooting of Sophomore Ted Koerner enabled Gettysburg College to pull a sizzling 60-58 verdict out of the fire over nationally fifth ranked Hofstra Saturday night before a record smashing 1,700 fans in Eddie Plank gym.

Brant Aleya, Hofstra's 6'2" junior, dunked a pair of fouls with 5:07 minutes remaining in the game to give his team a 54-49 lead over the Bullets. Gettysburg's Bob Parker was fouled as he brought the ball up court and missed his chance at the one-and-one rule from the free throw line. Hofstra took the rebound and immediately played possession ball with five minutes to go.

At the 3:20 mark Parker fouled Richie Swartz who in turn made good both throws and Hofstra led 56-49. At 3:08 Bill Hemming landed a jump from the foul circle and at 2:30 connected from the corner. Hofstra again attempted the freeze and this time Koerner stole the ball and was fouled going in for a lay-up. The lone sophomore to play in all the games to date, Koerner dropped both shots to cut the opponent's lead to 56-55 with 1:22 remaining.

SIZZLING WINDUP

The Flying Dutchmen then tried to run out the clock, but Bob Parker stole the ball and this time made good on the lay-up at 1:02 and Gettysburg had its second lead of the game at 57-56. Following a Hofstra walking violation, the Bullets brought the ball back up court and once again Koerner was fouled. As complete silence fell on the gym, he sank both free throws and Gettysburg led 59-56 with 28 seconds to go. Richie Swartz found an opening and drove up the middle for a lay-up to make it 59-58 with 17 seconds remaining. At the 12 and 10-second mark, Warner and Parker, respectively, missed foul shots. With five seconds to go, Koerner stepped to the foul line for the last time and dropped one of two shots. Following a Hofstra time out, the Flying Dutchmen tried a desperation jump shot by Steve Dunn which fell short as the buzzer sounded.

Many observers, including Athletic Director Henry T. Bream, said Saturday's attendance was one of the largest in the history of the college. Approximately one hour and 15 minutes before the game started there was standing room only except for the reserved seats.

Hofstra combined a strong offense and defense throughout and in the early moments of the game held a 9-1 lead. The Flying Dutchmen held a nine point advantage twice during the contest. The first wide margin came with 3:53 remaining in the first half when they led 28-19. The second lead was in the early minutes of the second half when they pushed ahead 42-33 after 2:15 had elapsed. On both occasions a spirited Bullet team came gamely back.

In the first half Ron Warner dunked a pair of goals and Koerner landed a jump to cut Hofstra's lead to 28-25. The count was a 32-32 deadlock at intermission.

In the second half, Bill Fitzkee landed a trio of free throws to start the ball rolling and cut the visitor's margin to 42-26. During the second 20 minutes, Gettysburg took the lead for the first time. With Hofstra leading 47-42, George Burnett and Bob Parker hit from the foul circle and Warner added a free throw and another jump. Gettysburg led 49-47 with 8:52 remaining. Hofstra then rolled up seven straight points and went in to their possession game.

BOTH MISS SHOTS

Both teams had an off night from the field with both landing 22 of 56 shots. Gettysburg sank 16 of 25 fouls while Hofstra land-outrebounded the Bullets 45-42. Ron Warner, Gettysburg scoring ace, was held to 16 points and connected on only six of 17 field shots. Parker netted 14 tallies. Ted Jackson and Richie Swartz paced the Dutchmen with 10 and 15 tallies respectively.

The loss marked only the third

setback for the Hofstra outfit. The Long Islanders have already accepted a bid to play in the small college NCAA playoffs. Gettysburg, which has been flying high all season, racked up its seventh consecutive win and is now 17-6 on the season. Hofstra is 19-3.

The Bullets will travel to Lancaster on Tuesday to face the Diplomats of Franklin and Marshall. The yearling squads will tangle in the preliminary.

RED JUMPER IN K OF C GAMES FRIDAY NIGHT

Associated Press Sports Writer
By ED CORRIGAN

NEW YORK (AP)—Valery Brumel, the Soviet Union's matinee idol high jumper, goes for broke in the Knights of Columbus games here Friday night—his farewell appearance for the winter.

His best to date is 7-4 1/2 in Leningrad just a month ago. When he came here there was some doubt that he would put up any competition for John Thomas. Valery would be in a strange country, the crowds would be unfamiliar and the arena would be foreign to him.

But as it turned out, Thomas, 19, Boston University junior, has been the disappointment. Twice the pair have met and twice Brumel has won, Saturday night in the National AAU championships, he cleared 7-2. Thomas made 7 feet even.

FIRST RED TO WIN

Brumel thus became the first Soviet athlete to win a U.S. national indoor title. Just a hint of an incident almost occurred during the broad jump in the AAU meet. Ralph Boston of Tennessee State, who holds every record in the books, shattered his own week-old pending record with a leap of 26-6 1/4, 4 1/4 inches farther than last week's mark.

He did it with his back to the wall, too. It was on his last jump and Igor Ter-Ovanesyan of the Soviet Union was leading with 26 feet 10 inches. That made Igor the second man ever to hit 26 feet indoors.

But after Boston made his record jump, "Ter," as Boston called him, had another try.

Over he went and it was a good one, but how good no one will ever know. He fouled and the officials refused to measure it.

Max Conrad Tries For Another Record

MIAMI, Fla. (AP)—Max Conrad, holder of numerous world flying records, takes off this morning in a twin-engine Piper Aztec he hopes will take him around the world in a week.

The 38-year-old Winona, Minn., father of 10 and grandfather of 5 is heading west trying to set a record for round the world flight in a light, piston-engine airplane.

He planned to fly non-stop to Long Beach, Calif. From Long Beach, he planned to fly on around to Miami again stopping at only Honolulu, Wake Island, Manila, Singapore, Bombay, Nairobi, Lagos, Dakar and Trinidad.

He plans to come flying back to Miami International Airport at 9:30 a.m. next Monday.

That'll be 22 days less than the present record, set by the late Peter Gluckmann in 1959. It took Gluckmann 29 days to go 24,456 miles. Conrad's route will take him 25,457 miles.

WRESTLER IN SCHOOL WINS 78TH MATCH

By JOE LIPPINCOTT
Sports Editor

The Lock Haven Express
LOCK HAVEN, Pa. (AP)—For ten years, Robert Johnson has won the same shirt and trousers to every wrestling match in which one of his boys has participated. It paid off Saturday.

Call it superstition if you like, but 120-pound Mike Johnson, a senior at Lock Haven High School, became an immortal part of Pennsylvania high school wrestling. Mike won his 78th straight bout, something no other high school wrestler in this state ever has accomplished.

20-YEAR RECORD

Mike surpassed the previous record of 76 in a row, set two decades ago by George Custer at Canonsburg High School. Custer now is head wrestling coach at Bald Eagle-Nittany High School in Mill Hall, three miles west of here. He stood by and watched his record become second-best.

"It had to happen sometime," he said, "And I'm glad Mike was the one to break it."

Johnson's father started wearing his costume in the 1950-51 season when Mike's older brother, Dave, was a freshman member of the Lock Haven varsity team. Dave won the regional PIAA title his junior year, and was state PIAA champion at 154 pounds his senior year.

Mike stayed in the shadows while Dave was in the limelight, diligently working to learn how to wrestle like his big brother, whom he idolized.

Dave went to the University of Pittsburgh in 1955 to study dentistry. He'll graduate this June. He has become the only three-time Eastern Intercollegiate Wrestling Association champion that Pitt ever has had.

In December of 1957, Mike Johnson made his debut as a freshman in the purple and white tights of Lock Haven High. That year, enroute to his first of three state PIAA titles, he posted a 22-0 record, with ten pins and 12 decisions in the 95 pound class.

As a sophomore, Mike moved up to 103 and was 17-0 with six pins and 11 decisions. Last year, as a 23-0 with 11 pins and 12 decisions at 112 pounds, his record cisions.

So far this year, he is 16-0 with 11 pins and five decisions to his credit. He could wind up the year by becoming the third wrestler in Pennsylvania history to win the state title four times, and could have a perfect string of in excess of 90 victories.

In addition to 10 dual meets a year, of which he has missed just one in his career, Mike also wrestled in the Bald Eagle-Nittany Invitational Holiday Tournament three years and will have wrestled in the district, regional, and state tournaments four years if he remains unbeaten.

No opponent ever has come close to beating Mike. The muscular five foot-five wrestler has pinned almost half of the boys he has met. His closest scrape with defeat was a 5-2 verdict over Mike Reis of Williamsport in a dual meet during his freshman year.

UNDECIDED ABOUT COLLEGE
The 17-year-old Dunnstown athlete broke the successive victory record in glittering fashion Saturday. His 77th straight win was a 2-3 decision over Herb Bierly of Penns Valley High. That was the highest score young Johnson ever has accumulated against an opponent.

In a second match Saturday, he pinned Bill Aikley of Bald Eagle Nittany for the 120-pound title in the PIAA's District Eastern sectional tournament.

Mike hasn't decided where he'll go to college yet. But he'll probably end up at Pitt. Why not? Dave and another brother, Bruce, both went there. Bruce also is studying dentistry and wrestled on the Pitt junior varsity team a couple of years ago.

Just as he's done for the past ten years, the elder Johnson will have his special shirt and trousers carefully drycleaned after this season is over. Then he'll put them away until next wrestling season. He'll still be needing those frayed duds. About to emerge from the shadows is a Lock Haven High School freshman named Francis Johnson.

**130 Golfers Enter
3rd Round Of PGA**
DUNEDIN, Fla. (AP)—A 29-year-old pro today led a field of more than 130 golfers into the third round of the \$100,000 national PGA club championship.

Ron Montross of Sarasota knocked three strokes off par Sunday to take a one-stroke lead at the halfway point of the 72-hole event.

His 67-69-136 was eight strokes under regulation for the 6,614-yard PGA national course.

Because of the huge field, officials scheduled those under 50 years of age and those over 50 to play their first two rounds on alternating days. The field was cut after 36 holes to the low 125 and ties.

Let's Look At The Record

ELECTORAL COLLEGE, RAH, RAH!!!
Sen. Mansfield Could Abolish Electors
Reform Doomed To Certain Failure

By JIM DAN HILL, Ph.D.
President, Wisconsin State
College, Superior

DEAN RUSK, the new secretary of state, is making a strong pitch for "quiet diplomacy." This is a new term in the lexicon of foreign affairs. A definition is in order.

Mr. Rusk has offered none. But most students of the situation think he has in mind the same sort of diplomacy outgoing Secretary Christian Herter sought. Right after the U-2 incident and the Khrushchev histrionics "at the summit," Mr. Herter sadly said America should return to "traditional channels and procedures in international contact." A brief glance at the "traditional channels" should lead to an understanding of "quiet diplomacy."

BY REFERENCE to "traditional channels" Mr. Herter meant the diplomatic procedures prevalent in the days of Benjamin Franklin, John Adams and John Jay, when they negotiated recognition of American independence in the Treaty of Paris. Neither they nor the opposing English diplomats were officially "summit" men.

Indeed, one can check the list of all the great and successful treaties in American diplomatic history, and none were negotiated by the President then in office.

Along with Franklin, Adams and Jay, we find the bright names associated with American diplomatic triumphs are Thomas Pinckney, in Spain, 1795 . . . Robert R. Livingston and James Monroe, in the Louisiana Purchase . . . Henry Clay, Albert Gallatin and the younger Adams ending a war, Treaty of Ghent, 1815 . . . the Rush-Bagot agreement creating an unfortified boundary with Canada . . . the Webster-Ashburton Treaty . . . Clayton-Bulwer Treaty . . . Seward's purchase of Alaska . . . the Hay-Pauncefote treaties early in our own century.

America has not always lost every diplomatic negotiation! However, America has lost

practically every game of "summitry." By summitry is meant the game in which our President dashes off to a foreign conference with a do-it-yourself manual.

PRESIDENT WOODROW Wilson, in the winter of 1918-19, appears to have originated the game. It broke him in spirit and in health. His purpose was noble. His spirit was pure. But his slogan of "open covenants openly arrived at" was the beginning of "noisy diplomacy." Idealist though he was, Wilson had ample cause to regret his addition of the words "openly arrived at."

THE HISTORIC EXAMPLES given above lead readily to the factors inherent in the "quiet diplomacy" Mr. Rusk so eagerly desires.

Such diplomacy calls for negotiations by agents of the chiefs of states. In delicate matters of local, civil law in which emotions run high, such as the settlement of a large estate among discordant heirs, lawyers, as skilled negotiators, can usually do more toward an amicable and equitable settlement than can the irate litigants.

Certainly no difficult will be ever adjudicated, either happily or fairly, by heirs who bought TV time for the purpose of abusing one another in public. That has been a characteristic of Khrushchev's diplomacy "at the summit."

IT FOLLOWS that another aspect of Mr. Rusk's "quiet diplomacy" requires confidential negotiations. Negotiations must, like the lawyers in an estate case, return often for revised instructions. Frequently they must return to client, or chief of state and urge that he give more in exchange for a vital concession if the settlement is to go through. For this reason some of the greatest diplomats have acquired mercurial reputations exactly as have some of the greatest attorneys have been accused of being "shifty." But whether mercurial or unyielding, in

IOWA HAS THIRD BANK IN TWO MONTHS

KNOXVILLE, Iowa (AP)—Examiners were at work today clearing up details of Iowa's third big bank embezzlement in two months.

The latest came to light Friday when Eldon L. Job, 59, president of the Community National Bank and Trust Co. of Knoxville handed himself, leaving an estimated half million-dollar shortage that stunned this town of 7,817 in south central Iowa.

Job left a "dead man's confession" saying that he used the bank's money through forged notes to cover bad investments and to make donations around town.

COVERED BY BOND

Unlike the situation at Sheldon in northwest Iowa where a \$2-million embezzlement closed the Sheldon National Bank, the Knoxville institution was covered by a \$1-million fidelity bond which officials said more than took care of the shortage. Business at Community National went on as usual.

The Sheldon bank closed on Jan. 16 with the arrest of the assistant cashier, Burnice Geiger. She admitted the embezzlement and later was sentenced to 15 years in prison.

The third case occurred at Malvern in southwest Iowa, Jan. 30. John E. Willard, 40, vice president and cashier of the Malvern Trust & Savings Bank, committed suicide, authorities said, after a \$55,000 shortage was discovered.

PRIVATE FUNERAL

Private funeral services were held Saturday for Job, Knoxville's erstwhile leading citizen. He had been in the banking business here for 40 years.

He not only headed Community National, which he formed through a merger in 1933, but held a majority stock interest in Knoxville's other bank, Iowa State Savings.

His family, one of the best known in town, included his wife Bernice, and his two sons, Ned, assistant cashier of Community National, and Louis, vice president of the other bank. A daughter, Judith, is a student at Drake University.

"quiet diplomacy" the negotiators must be highly skilled. Here we find a paradox. History does not reveal that career trained professionals are ipso facto the best.

They make superb staff men in support of a top negotiator, but in playing the leading roles themselves, the professionals have proved to be somewhat less than stellar performers.

HUGH GIBSON and Joseph Grew are certainly among the best of America's long list of well known, professional, career diplomats. There was never a day, however, when either of them was in a class with the statesmen mentioned above.

Be he ever so highly trained, a career, public servant who necessarily worries about his accumulative file in the personnel and assignment office of the State Department cannot employ the freedom of thought and action essential to top performance in tight negotiations.

This reviewer does not share the concern of the New York Times and others concerning the number of nonprofessional diplomats Messrs. Rusk and Kennedy are sending to certain highly important foreign missions.

THE FOREGOING factors and principles are inherent in the "quiet diplomacy" Secretary Rusk seeks. But all this does not mean our President must be denied the privilege of informal and confidential conversations with other chiefs of nations, most particularly with those from among our allies. The goodwill visit, on proper invitation through diplomatic channels, is not in violation of traditional, or quiet, diplomacy.

But public conferences by busy chiefs of states with agendas calculated to settle the problems of a decade within a few short days are sheer phony diplomacy. No one knows it better than Khrushchev. Thus a Russian demand for a summit conference is not an invitation to negotiate. For them it is a sounding board for "noisy diplomacy" — for propaganda!

U.N. Running Out Of Money; Reds Renege

By A. I. GOLDBERG
UNITED NATIONS, N.Y. (AP) — Dag Hammarskjold is getting uncomfortably close to a cash deadline in the Congo.

The U.N. secretary-general still is trying desperately to recruit men to maintain a strong U. N. force there in a race against the Soviets and dwindling money reserves.

With the U.N. operation facing financial collapse at the turn of the year, Hammarskjold was granted special borrowing powers for three months to keep it going. Nearly two months have passed.

Less than 10 days away is the resumed session of the General Assembly that must arrange for financing the U.N. role in the Congo for the rest of this year.

LAST YEAR'S BILL

The assembly also will have to dredge out of the members the funds for paying last year's net Congo bill of \$48.5 million and for covering what Hammarskjold has borrowed—known to be in excess of \$12 million.

So far the United States has kicked in with a total of \$44,962,833—\$34,645,211 in cash plus an earned credit of \$10,317,622, for picking up the tab for airlifting troops to the Congo last summer.

The gross Congo cost in 1960 was more than \$60 million but the U.S. airlift forgiveness, plus similar action by Britain, the Soviet Union and others, reduced the net bill.

REDS RENEGE

There is still no sign—and none is expected — of the Soviet bloc paying the \$9,245,650 total they were assessed on the regular U.N. basis for their 1960 share. They announced during the first part of the assembly session they would not kick in a cent — and they haven't.

The Soviet Union's share is \$6,596,425. The other bloc countries range from the Ukraine's \$871,000 down to Albania's \$19,373.

Fidel Castro's Cuba also can be counted on to follow Moscow's lead and renege on its \$121,080 assessment.

The total Congo bill for the six

BLAZE FAILS TO DAUNT WOMAN

WASHINGTON (AP) — The French ambassador to the United States, wearing evening clothes, rescued valuable paintings from his blazing embassy Friday night while his wife took time out to change into street clothes.

The fire broke out in an elevator shaft, swept through the attic and caused serious damage to the three-story structure. No one was hurt. There was no immediate estimate of damage.

Ambassador Herve Alphand and his wife were attending a dinner at the Peruvian Embassy when the fire broke out. They rushed to their embassy and dashed into the burning building. Alphand grabbed several valuable paintings while his wife went to her quarters on the second floor to change to a street ensemble. "Tell the madame to be quick," her husband shouted above the confusion, "before her floor falls down."

Firemen quelled the blaze in an hour and a half. The entire upper story was smoke stained and drenched with water. There also was some water damage to the second and first floors.

Hanover Hospital Drive Over Top

The closing dinner of the campaign to raise a million dollars for the Hanover General Hospital building fund turned into a jubilant victory celebration Thursday night when it was announced that \$1,082,756 had been subscribed by the citizens of the hospital's service area — 8.2 per cent above the goal. Held at the Lyric Band auditorium, the dinner was attended by more than 250 volunteers.

Of the total amount subscribed, \$177,627 from 2,177 contributions was brought in by volunteers in the public phase of the campaign. John B. Krebs, chairman of the public campaign, congratulated the volunteers whose work in the past two weeks was greatly responsible for reaching and exceeding the goal and for maintaining the average of \$81.60 per contributor.

The corporations committee, under the chairmanship of Alan R. Warehim, obtained 92 subscriptions amounting to \$325,653. Richard B. Alleman, memorial

GROWERS WILL PLAN AGENCY

NORTH EAST, Pa. (AP) — Plans are being made to create an independent grape growers' co-operative encompassing Pennsylvania, Ohio, Washington, New York, Michigan and Canada reports an Erie County industrialist.

Fred L. Rahal, president of the Sunshine Packing Co. of North East, said Saturday the proposed organization could do a business of \$25 million to \$30 million a year in the five states and Canada.

GOOD CONTACTS

He added that the co-operative should be able to obtain contracts for 40,000 or 50,000 tons of grapes a season and buy and contribute gifts committee chairman, reported that individuals and families of the area have given \$273,831 to build, furnish and equip specific sections of the new wings and for the remodeling of the present building.

Muffled Blast Only Blowout, Say Police

NEW CASTLE, Pa. (AP) — The report of a "muffled blast" sent police scurrying to the Lawrence Savings and Trust Co., building in New Castle Sunday. A quick look around showed there had been no robbery, but officers did find the source of the "blast."

In an alley outside the building, a parked tractor-trailer had blown a tire.

trol all processing and production facilities at plants in each of the growing areas.

This control, he said, would cover growing, canning, bottling, freezing, storage and marketing of grapes.

Rahal said present plans call for the co-operative to go into operation later this year. He said several interested parties already have met and elected directors for the various sections.

New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas — For years they said it couldn't be done. But now a Texas firm of laboratory consultants has developed a treatment that is not only stopping hair loss . . . but is really growing hair!

They don't even ask you to take their word for it. If your symptoms indicate that the treatment will help you, they invite you to try it for 32 days, at their risk, and see for yourself!

Naturally, they would not offer this no-risk trial unless the treatment worked. This is all the more remarkable in light of the fact that the great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped. But how can any man or woman be sure what is actually causing their hair loss? Even if baldness may seem to "run in your family," this is certainly no proof of the cause of YOUR hair loss.

Actually, there are 18 scalp disorders that can cause hair loss. No matter which one is the cause

of your hair loss, if you wait until you are slick bald and your hair roots are dead, you are beyond help. If you still have hair (or at least some fuzz) on top of your head, and would like to stop your hair loss and grow more hair . . . now is the time to act.

Loesch Laboratory Consultants will supply you with treatment for 32 days, at their risk, if they believe the treatment will help you. Just send them information to help them analyze your problem. This information should include how long your hair has been thinning, and whether or not you now have or ever have had any of the following conditions: Do you have dandruff? Is it dry or oily? whether your scalp erupts in pimples or other irritations, does your forehead become oily or greasy? does your scalp itch and how often? and any other information you feel might be helpful. All letters will be answered promptly. Send the above information, and your name and address to Loesch Laboratory Consultants, Box 66001, Houston 6, Texas.

BERNSTEIN IS 'INTRIGUING' ON TV PROGRAM

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — Leonard Bernstein and the New York Philharmonic Orchestra concluded their season on CBS Sunday afternoon with one of the most intriguing programs in the series' brilliant history.

Bernstein assembled a cast of actors and a group of singers to show how Stravinsky, the Russian composer, had converted Sophocles' "Oedipus Rex" from a powerful dramatic classic into a moving and gripping opera.

The same portions of the play and of the opera were enacted with the conductor serving as guide and commentator. Bernstein would point out places where Stravinsky had handled a dramatic situation quietly when Sophocles had created an emotional explosion. He translated occasionally from the Latin of the opera. He played bits on the piano to em-

phasize the recurring use of a theme.

GREAT OPERA, PLAY

At the end, we had not only been enlightened and educated, but had enjoyed skillfully condensed versions of both a great play and a great opera.

Bernstein referred to the 90 minutes as an inquiry and an experiment. It was both, but it was also great television.

The theme of "Oedipus Rex" is hardly ideal for television's children's hours but the CBS censors wisely decided to leave the plot—and some of the play's language—alone.

At the end of the program, Bernstein thanked his sponsor for permitting him and the Philharmonic to bring Bach, Beethoven and other cultural fare to television during the past few months, adding: "When I think of this in the light of most television fare, I am most grateful."

We can all be grateful, and we can hope the series will return next fall.

The sponsor of CBS' Show of the Month has other TV plans for next season, so still another dramatic show appears doomed. The program's March swansong will be a new, original play by Horton Foote, as yet untitled. The star will be Julie Harris.

The network is also considering using some old Playhouse 90 reruns as summer replacements.

More than 1,100 newspapers and magazines are published on university and college campuses in the United States.
